

Certified Information
Systems Security Professional

In an increasingly complex cyber world, there is a growing need for information security leaders who possess the breadth and depth of expertise necessary to establish holistic security programs that assure the protection of organizations' information assets.

CISSP is the most globally recognized certification in the information security market. Required by the world's most security-conscious organizations, CISSP is the Gold Standard credential that assures you have the deep technical and managerial knowledge and experience to effectively design, engineer, and manage the overall security posture of an organization.

Backed by (ISC)², the globally recognized, not-for-profit organization dedicated to advancing the cyber, information, software, and infrastructure security field, the CISSP was the first credential in the field of information security to meet the stringent requirements of ISO/IEC Standard 17024.

Steps to Getting Certified

1 Obtain the Required Experience

To qualify for the CISSP, you must have a minimum of five years of cumulative paid full-time work experience in two or more of the **eight domains**:

- » Security and Risk Management
- » Asset Security
- » Security Engineering
- » Communications and Network Security
- » Identity and Access Management
- » Security Assessment and Testing
- » Security Operations
- » Software Development Security

Don't have enough experience? Check out our Associate program at www.isc2.org/associate.

2 Take the Exam

Candidates are given six hours to complete the **250 question** CISSP exam. Register at your local Pearson Vue Test Center: www.pearsonvue.com/isc2

3 Complete the Endorsement Process

Once you successfully pass the exam, you will have nine months from the date of the exam to complete this process. www.isc2.org/endorsement

4 Maintain Your Membership

Once you are certified, you become a member of (ISC)². **Recertification is required every three years.** This is accomplished through earning Continuing Professional Education (CPE) credits and paying an Annual Maintenance Fee (AMF).

120 cpes | **US\$85** amf | **3** years
